Introduction:

Crown Logistic Middle East (LLC) Dubai is an international transporter, freight forwarders, logistics and relocations service provider. Crown Logistics & relocations was established by Mr. Fazal Hussain at Karachi to cater the transportation, logistic and freight services for the Afghan bonded cargo as in the light of growing demand there were very few state of the art logistics companies in the region.

Since its establishment the Crown Logistics and Relocations has been a key player in Afghanistan transportation and cargo business. And to provide one window operation the Crown established its own infrastructure at Karachi Ports, transportation from Karachi to Afghanistan borders, Clearing at borders, transportation inside Afghanistan and camp to camp movements and logistics. After having many international clients on its panel the crown felt that its presence at an international station is must to have easy connections with clients.

Mr. Fazal Hussain, the Chairman of who is highly trained and have an experience of a decade in Asia, Russia and Europe in international logistics and removal.

The Crown Logistics Pakistan office is a registered Logistics Contractor of National Logistics Cell (NLC) which is the logistics bonded carrier of Government of Pakistan.

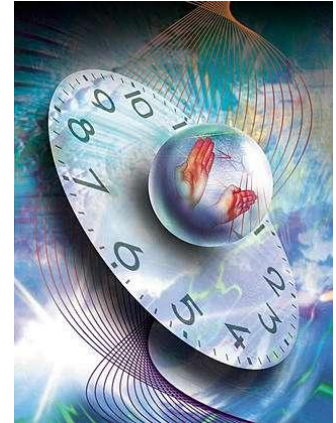

Crown Logistics ME (LLC) has its representation in almost all strategic locations and major cities of Afghanistan, Pakistan and India. And work via single network of 5 subsidiaries in Pakistan and 3 Subsidiaries in Afghanistan to provide hassle free one window operation to its reputed clients.

This also enable us to offer economical, integrated and customized services for movement of machinery/ material for reconstruction equipment, variety of vehicle, foodstuff and relief supplies etc.

Warehousing & Distribution:

Keeping in the mind the needs of its clients and to provide them cost effective warehousing solution especially for the afghan transit goods the Crown Logistics has contracted a warehousing facility in Karachi, Nowshera & Peshawar city of Pakistan. Through our expertise, we continually help clients find ways to reduce redistribution cost, transportation and handling fees. Our high level of professional service and care is your assurance of the safe arrival and safe delivery of your products.

Crown Logistics warehousing and distribution services offers:

- Real time management – offshore inventories managed in a real time environment
- Special warehousing facilities for containerized, refrigerated and hazardous materials
- Quality process and superior services—receiving , storing and shipping consolidation and de-consolidation, packing, pick pack, swing loads, inland freight; tracking and reporting.

Removal & Relocations:

When taking up a new post abroad, an executive must be sure that nothing stands in the way of many challenges and responsibilities ahead of them. Crown's Diplomatic & Executive World Wide moving service will take full and complete responsibilities for the immensely important task of moving personal effects and household goods to a new home – wherever the destination.

There are two key ingredients in Crown Logistics success formula: communication and planning

When moving overseas our in-house containerized freight department allows shipment of your goods anywhere worldwide, Our surface freight department will expertly guide your shipment and co ordinate delivery through one of our carefully chosen overseas agents to your new home with the utmost ease.

The plethora of customs procedures and local regulations need never be your problem. Crown working knowledge, and vast experience of diplomatic and executive worldwide moving, make it ideally placed to take on the burden of bureaucracy that an international move can generate.

Only when you and your possessions are safely and happily in place, will Crown Logistics consider the assignment complete.

Our Removal & Relocation Service Include:

- Pre-moving survey & assessment
- Packing & crating of household goods and personal effects
- World door to door delivery service
- Assembly and disassembly of complex furniture.
